Lovins Mario DeMarco presents "ILLUSTRATED ENCYCLOPEDIA OF WESTERN STARS, VILLAINS, HEROINES AND SIDE-KICKS" (Paperback) (1986) --- The illustrations and the biographies of the various movie western personalities --- As you glance at each page, some of these individuals had biographies which read like some scripts from the action movies they portrayed --- This is very unique as the entire personalities are done in illustrations with over 115 biographies --- The illustrations totaled some 600 hours to complete --- The text has taken from a material which began accumulating some 45 years ago --- This will serve as a reference and guide on these colorful personalities --- DeMarco would like to dedicate this work to the memories of western greats --- George O'Brien and Kirby "Sky King" Grant, who passed away during the preparation of this book in 1985
