Gustavo Piqueira Marco Aurelio Kato : Illustrated Encyclopedia Rex Design before purchasing it in order to gauge whether or not it would be worth my time, and all praised Illustrated Encyclopedia Rex Design:

With its seventy-seven funny entries, organized in alphabetical order, Illustrated Encyclopedia Rex Design is a 10-year commemorative book which tells the trajectory of one of the most representative and creative graphic design studios in Brazil. More than a sophisticated catalogue, it is a consistent report on Brazilian visual culture over the last 10 years. (Bilingual Edition: Portuguese/ English)

About the Author Gustavo Piqueira is a famous Brazilian graphic designer. As an author, his books are known for bringing an ironic and non conventional approach, in various themes, such as soccer, graphic design and contemporary behavior. Marco Aurelio Kato is a notable protagonist of Brazilian graphic design, as a teacher in two of the best design schools in Sao Paulo, ESPM and Miami Ad/School. He also organized the last two Brazilian Graphic Design Biennials, as a director of Graphic Design Association. Both are partners of Rex Design, one of the most representative and creative graphic design studios in Brazil.
