Jim Everhart : Illustrated Texas Dictionary of the English Language before purchasing it in order to gage whether or not it would be worth my time, and all praised Illustrated Texas Dictionary of the English Language:

1 of 1 people found the following review helpful. Bless your heart! By Alexander P. I remember seeing this book in the DFW airport as a child and laughing hysterically. I have a Canadian friend who says she can't understand half of what I say, so this was the perfect gift. There's a whole series, all out-of-print but quite easy to find. Good for a laugh or educational aid for non-Texans. 1 of 1 people found the following review helpful. Incredibly Funny and Clever By Belleraphon I first saw this book, The Illustrated Texas Dictionary of the English Language Volume One, around 40 years ago. I dang near laughed my @## off, as I swear, the words in this dictionary sound almost *exactly* how a native Texan pronounces the words. Some of them are very surprising, because even though we (sic) pronounce them this way, we aren't always aware that we are doing so. But on top of that, Jim Everhart's farcical facial expressions are simply priceless. They're alone are enough to make you laugh even without reading the text! Oddly, at a party I recently attended, there was a British exchange student in attendance. I had great fun reciting some of these dictionary words to him to see if he could possibly figure them out. If only I could have imitated Everhart's facial expressions! 1 of 1 people found the following review helpful. True Texas-isms By R. J. Bennett Great Stuff ! Funny entertaining. Yaw'll larn howto tawk like a Tex-son, fer sher ! Bought this 40 years ago, was glad to be able to find it again thanks to Modern Technology ... plus, there's more in the series. Thanks Jim Everhart

just like off the bookstore shelf, nice, delivery confirmation.....i-3
