**Moritz Steiger : Independent London Store Guide. Moritz Steiger, Effie Fotaki** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Independent London Store Guide. Moritz Steiger, Effie Fotaki:

0 of 0 people found the following review helpful. for the traveler who wants to seek out the unusual.....and buy it!By LynneBased on the 4 1/2 - star reviews on UK, I bought this for a London vacation .....that never materialized. At least, not yet.Nevertheless, I am delighted with the book and glad I purchased it. It is well organized (colour coded) with useful maps. The 6" square pages provide enough room for a beautiful interior photo of each store with an enthusiastic accompanying description. The authors focus on independent shops which carry original, one-off (unique) items.....which is exactly how I love to shop -- at home or away.

A complete update! 2012 edition. Following the success of No2 book, Moritz and Effie want to build on it's success by releasing an improved update of their popular review of London's best independent shops - particularly in these quickly changing difficult times. Using the same photography rich format with a gatefold cover, clear maps, showing the best pubs, cafes and places to eat while out shopping. Independent shops are often the only outlet for small artisan creators and are a key indicator of local social diversity and the front line against global mono culture. While showing our readers often missed parts of London, we hope to support independent shops by raising their profile and help them

A complete update! 2012 edition. Following the success of No2 book, Moritz and Effie want to build on it's success by releasing an improved update of their popular review of London's best independent shops - particularly in these quickly changing difficult times. Using the same photography rich format with a gatefold cover, clear maps, showing the best pubs, cafes and places to eat while out shopping. Independent shops are often the only outlet for small artisan creators and are a key indicator of local social diversity and the front line against global mono culture. While showing our readers often missed parts of London, we hope to support independent shops by raising their profile and help them succeed in these difficult times.
