Vamos a Aprender inmediatamente!!!!!!!!!!!!!!!!!!!!!!!!!!!!By CustomerIt is a bit disconcerting for an ESL teacher who is not a bilingual teacher touse a lot of Spanish, but poco a poco a Ingles...My student liked the bookand will use it at home and with my sessions...I hope for some suggestions for use although I have several ideas...And will continue to use this series.Spanglish to me is useful to hear...and I think standard Spanish is good to useand know..In English there are so many dialects and idiolects (very local dialects) thata screenwriter or a writer with an ear for language can find variety everywhere.For a second language speaker in English or Spanish, variety can be daunting...And overwhelming, so a good standard is necessary.Mr. or Prof. Harvey writes

well and has a good sense of humor and I bet he's in for some controversy including Spanglish in his text...0 of 0 people found the following review helpful. Updated with additional commonly-used phrases, new questions and answers for practice and review, and listening aids such as find-the-word boxes, jumbled words, and crosswords, the new edition of this informal language-learning program is designed to teach Hispanics in the United States and Canada a practical working knowledge of English. Author William Harvey bypasses the dull rules of grammar, instead familiarizing readers with often-used phrases and including a series of informal conversations among speakers in idiomatic American English. Also included are tables that present commonly-used English verbs and verb tenses. Emphasis on correct pronunciation includes helpful tips and advice on pronunciation and listening comprehension. The optional audio CDs replace the second edition's audio cassettes. They use spoken dialogues and coaching to emphasize correct pronunciation of informal American English.

From the Inside Flap(back cover) Hoy dia, saber ingles es mas importante que nunca. Todos los latinos que quieren mejorar en los Estados Unidos necesitan aprender como comunicarse con los norteamericanos. El autor, William Harvey, ensena que se puede aprender el ingles mas facilmente cuando se pone atencion al "mensaje" en lugar de memorizar las reglas de pronunciacion y gramatica. Este metodo practico e informal es para usted si no tiene la paciencia para los cursos tradicionales. Las Palabras y frases claves son introducidas, junto con muchos "avisos confidenciales" que le ayudaran a entender y hablar el ingles. Los dibujos y las caricaturas le haran comprender el ingles cuando las palabras escritas no lo puedan hacer.
