Beautiful picturesBy Becky HallamI enjoy the pictures to go along with the information. Great first time jewelry book. Nice addition to your reference material.0 of 0 people found the following review helpful. Five StarsBy CustomerPERFECT!! THANK YOU FOR THE QUICK SHIPPING.

This book is based on the author's informative and interesting news column that has run in antique publications across

the country since 1997. These articles are presented here, along with photographs of hundreds of pieces of vintage costume jewelry with descriptions, designer names, and current collector values. A section on costume jewelry on the Internet is also included, which profiles in detail, the best costume jewelry sites on the web, including biographies of each dealer and a synopsis of what makes the sites special. There are also hints for those wishing to sell their jewelry at auction. There are even vintage costume jewelry advertisements to add pizzazz to the book. Finally, an informative section on where to buy replacement stones, how to restring beads and pearls, how to repair costume jewelry, and how to join vintage costume jewelry clubs rounds out the book. 2004 values. **REVIEW:** This book is useful for those who know little about shakers as well as those who are diehard collectors. It is organized by company, shapes, and patterns. Large, full-color photographs are presented, with current collector values given for every shaker shown.
