Best Guide to Internet shows everBy laurav99After searching YouTube and the Internet for something good to watch, I came across this book which lists a TON of shows that are available out there and I had no idea existed. I've been using this book all week to find some quality entertainment - it's

like a "TV Guide" and I highly recommend it!

This is the first ever compilation on Internet television and provides details of 405 programs from 1998 to 2013. Each entry contains the storyline, descriptive episode listings, cast and crew lists, the official website and comments. An index of personnel and programs concludes the book. From Barry the Demon Hunter to Time Traveling Lesbian to Hamilton Carver, Zombie P.I., it is a previously undocumented entertainment medium that is just now coming into focus. Forty-eight photos accompany the text.
