STAR method is great for planning the answers. The similar CAR (Context Action Result) method used in PG office. Smart questions you may want to ask provide the opportunity to separate yourself from the rest. Great list of interview questions. Must-learn Skill for Life By Richard Grey This book has some fantastic advice on how to prepare and perform at job interviews. It really covers many aspects in detail and tells you what the interviewer wants to know and how to answer the most common interview questions that we've all been asked. I really liked the fact that there is a section on particularly tricky, "think-outside-the-box" types of question, which the book dissects very well. Highly recommended book, as you'll learn all you need to know about an event that we all have to go through at some point!
