Delys "I attended a seminar by Mr Byers at which he gave some tips from his book. This book is very insightful. I feel it is a must for recruiters and people searching for their next opportunity. The book gives great insights into determining your own competencies and how they "fit" with the organizations job description to get you in the door

and then techniques such as "memory triggers" and the importance of preparing for the interview. This book is a complete roadmap to success."0 of 0 people found the following review helpful. If you only read one book on job hunting, this is it!By Ann H. ParrettI am a career coach who refers to the information in Byers' book more than any other. Byers' suggestions to help readers figure out what truly is most important to the employer and then to play to the true values of their interviewer are practical and effective. He explains how to package your background so as to be easily appreciated in light of the employer's needs.This is a "must read" for anyone who is job hunting!Ann Parrett0 of 0 people found the following review helpful. A must read!By Tamara FulcherI found this book to be packed full of useful information that can be put to use right away. A practical guide to the interview process that will help prepare anyone for the majority of questions that may arise during the process. Well organized and easy to comprehend layout.
