Patricia V. Lunn, Janet DeCesaris : Investigacion de gramtica before purchasing it in order to gage whether or not it would be worth my time, and all praised Investigacion de gramtica:

0 of 0 people found the following review helpful. Great as far as a grammar textbook goesBy MoonangelThere are some things that didn't make sense until the teacher lectured on it, but some of the ways they explain things makes things that I have had a hard time with for years make more sense. I am trying to figure out why they (professors) didn't just say what this books says in the first place. I will use some of the ideas, or ways of explaining particular grammar points, when I teach Spanish.0 of 0 people found the following review helpful. Great for linguistic majorsBy Marisol M.I had to buy this textbook for school and although I wasn't too happy about the price, I was more than happy with the content. It is a very well written textbook and extremely concise. Everything is explained thoroughly and the exercises are a great compliment to the whatever topic is being presented. I really liked this textbook.0 of 0 people found the following review helpful. Helpful ReadBy Emilee R.I had to read this book for my Spanish grammar class at college. I found it to be helpful for my studies, but it was a little wordy in some explanations and could have

simplified in certain areas. If you are interested in the theory behind Spanish grammar, I would recommend this book.

Develop an understanding of important linguistic patterns of Spanish and of the central grammar topics with INVESTIGACION DE GRAMÁTICA.

Preliminar. 1. El tiempo y el aspecto. 2. El preterito y el imperfecto. 3. Ser, estar y haber. 4. Los modos indicativo y subjuntivo. 5. La participacion de las entidades en la situacion verbal. 6. La voz pasiva y el pronombre se impersonal. 7. El sustantivo, el articulo y el adjetivo. 8. Las clausulas relativas. 9. La situacion verbal y el adverbio. 10. Las preposiciones y el caso de por y para. Glosario. Indice.

Language Notes Text: Spanish About the Author Patricia V. Lunn holds an MA in Spanish Linguistics from the University of Colorado and a PhD in Hispanic Linguistics from Indiana University. She is Professor of Spanish at Michigan State University, where she has taught a wide range of linguistics courses and directed study abroad programs for undergraduate students and for in-service teachers. The fruits of her research on the grammar of Spanish include journal articles, textbooks for the intermediate and advanced levels, and workshops at professional conferences.

Janet DeCesaris holds an MA in Linguistics and an MA and a PhD in Hispanic Linguistics from Indiana University. She is Associate Professor of Translation and Interpreting at Pompeu Fabra University in Barcelona, Spain, where she teaches translation and linguistics to undergraduate and graduate students. She has directed research projects funded by the Spanish Ministry of Education on dictionaries and is currently working on an advanced learner's dictionary for Spanish.
