**Patrick S. Dinneen : Irish English Dictionary** before purchasing it in order to gage whether or not it would be worth my time, and all praised Irish English Dictionary:

0 of 0 people found the following review helpful. Five StarsBy Cathal Cavanaghbh an thas orm a fhill .6 of 7 people found the following review helpful. Worse than its reputation, but a useful tool anywayBy Panu HglundI might be insulting the sensitivities of my Ulster friends, but I never have understood why they are so crazy about this particular dictionary. Of course, it is in the old orthography, but it is a mistake to think that it would make the reading of, say, Sen Bn Mac Meanman or the Grianna brothers any easier: most unusual words found in them are included rather in the Donaill dictionary than in Dinneen. So, it is a mistake to think that Dinneen covers Ulster Irish any better.However, some of Dinneen's attempts to define Irish words do capture the essence of traditional usage better than Donaill. Besides, Dinneen doesn't take it for granted that the dictionary user already understands Irish English ( Donaill does, a fact that leads to such hilarious "translations" as "pampooties" for "pampta" - forgetting that a British, an American or,

say, a Finnish reader, although familiar with standard English, does not always understand such Hiberno-Englishisms as "pampooties") and thus often adds explanations for the uninitiated. But Dinneen does not organise the dictionary articles very well, and often he is as vague as to be incomprehensible. And of course, today's most current meaning of a word isn't always the one that comes first, or even among the first, in Dinneen. Dinneen's is an indispensable tool for a writer in Irish or a scholar doing research, but general learners should first of all get a copy of Donaill. However, sooner or later you must get accustomed to the old orthography, and then you'll need Dinneen. 3 of 3 people found the following review helpful. Not ready for prime time!! By Dr. Sarah E. McKibben Skeptical about the Kindle's ability to handle Dinneen, I downloaded a sample file. Sure enough, there is a bunch of gobbledegook in place of Irish words/characters. I decline to pay to download a file I suspect will be similarly troubled!

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.
