I've been a fan since I first saw them in Montreal supporting "Killers" while Paul Di'Anno was still the singer, and I've been an ardent follower since. This book has photographs and stories I've never seen or heard. If you're a fan of the band, this is an outstanding resource. 0 of 0 people found the following review helpful. The Best Of The Best By Marc R This book is amazing all around and a must for any Iron Maiden fan. Covers everything, from past tour dates, to little things I didn't know. I consider myself a fanatic fan too. At this price I'm amazed also, so I couldn't pass it up. A third of the price Barnes and Noble wanted. 0 of 0 people found the following review helpful. Maiden Book By Scott This book has an awful lot of cool photos pictures of rare memorabilia in it. One page reviews of their studio cds. Very cool book to own I am glad to have gotten a used copy

for a good price.
