Short chapters with very easy action steps after each chapter. Helpful info. Most advice seemed geared for a younger reader than myself. Liked the generational chart.0 of 0 people found the following review helpful. A wonderful book full of useful tipsBy LauraA wonderful book full of useful tips, insightful questions and inspiring stories. This book made me re-think my goals and made me realise how important it is to enjoy what you do, and that this IS achievable!! The book is easy to navigate with lots of little boxouts, case studies and things of note, and a great reference to refer back to at any given time. I'd recommend it to people in all stages of their career as a thought provoking read that might just give them the nudge they need to pursue a career that they love.1 of 1 people found the following review helpful. Very informative!By Bernadette NestoA friend recommended this book and I'm happy she did. It taught me a lot about how to be a better employee at my current job. It also has some great information about how to navigate your job search and gives tips on resumes, interview prep and how to stand out from the crowd. For anyone trying to be a better professional, definitely pick this book up.
