**Edoardo A. Lbano : Italian: A Self-Teaching Guide, 2nd Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Italian: A Self-Teaching Guide, 2nd Edition:

1 of 1 people found the following review helpful. Good book for those who have studied Italian for two or more yearsBy books sent promptlyThis book is good for students of Italian who have already studied the language using another book for a few years. There are about 10 practice sentences for each new concept, which is good. New concepts are presented in rapid succession. There are about 60 new vocabulary words in each chapter. I've studied Italian for four years by taking a weekly class. I like this book as a review of what I should have already learned.0 of 0 people found the following review helpful. I like that there are actual questions in the book for ...By Mark G.This book has helped me learn a lot about the Italian language! Much more than many other books. I like that there are actual questions in the book for me to solve. One thing I must point out though and the reason I cant give it 5 stars, is that the book was published in 2000, which believe it or not, a lot has changed in the Italian culture and vocabulary in those 17 years. As I went through the book, I found quite a few instances that I believed incorrect and had to follow up with my

friends living in Italy. They confirmed that these were old ways of doing/ saying things. But all in all, the book is still great for beginners!0 of 0 people found the following review helpful. It's a good guide through the languageBy AnandamaI bought this book as an accompaniment to a course I am taking. So far it has been helpful in understanding Italian grammar and pronunciation. It's a good guide through the language.

Learn Italian the quick and easy way! Whether you re learning Italian for the first time or just brushing up on your skills, this updated edition of the bestselling Italian: A Self-Teaching Guide is the ideal way to master the language at your own pace. In fifteen simple lessons, you ll learn how to engage in everyday conversations from ordering at a restaurant to asking for directions to making special arrangements with a hotel concierge. Written in a lively, personable style by a native Italian, this practical guide combines the quick-reference virtues of a phrasebook with the learning tools of a full-fledged language course. Designed to acquaint you with the basic skills you need to speak, read, write, and understand the language, Italian: A Self-Teaching Guide, Second Edition demystifies grammar, common usage, and pronunciation with step-by-step lessons on numbers, days of the week, telling time, and special rules of speech. It also includes extensive vocabulary and culture notes. Mini-dialogues from real-life situations provide a vibrant introduction to Italian culture and customs while a fun assortment of exercises, self-tests, and practice activities constantly reinforces your reading and conversational skills.
