3 of 3 people found the following review helpful. Chiao Italianophiles By Richard D. Hill This handy little chart supplemented my Berlitz 5-Minute Italian text for a Community Ed class. The print is a little small, but it packs a lot of nice reference material into a small space. If I ever take a trip to Italy, it will fit into my official Rick Steves Day Pack. 0 of 0 people found the following review helpful. Italian Quick Study By Patti Raymond Will be very helpful when I go to Italy. Easy to understand and gives info that will be valuable for my trip. 2 of 2 people found the following review helpful. Good study tool. By Dennis Reda Not much in the way of explanation (when to use what word/phrase), but a great summary of commonly used terms with some context. Probably best used as a supplement to a language course or real textbook (like Prego!).

You will be able to instantly create hundreds of sentences in Italian! For the student, traveler or just a little help.
