DK : Japanese English Bilingual Visual Dictionary (DK Visual Dictionaries) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Japanese English Bilingual Visual Dictionary (DK Visual Dictionaries):

2 of 2 people found the following review helpful. I like the information in this book but it is very ...By Renal like the information in this book but it is very tiny and hard to see, especially if you are trying to learn Japanese and want to clearly see the Japanese letters. This book would get 5 stars if it were larger. 2 of 2 people found the following review helpful. Fun Way to Learn New Words By Customer I've been studying Japanese for four years at a University and after returning from a year abroad in Japan I started giving private lessons to students of all ages. I buy a lot of books on Japanese and despite the fact that I've accumulated so many Japanese books over these years, this book really stands out! This dictionary has not only made a wonderful resource for me but has also been really useful in teaching

vocab to my students. They like the pictures and can easily equate the Japanese word to the picture without having to think too much about the English word. The different topics on each page also make it easy to teach all of the words that someone may need to talk about that topic. I really like the organization of the dictionary. The only thing that I do not like is that the vocab with the pictures is really general. What I mean is that there aren't really any pages that talk about just Japanese things. In this dictionary, Japanese things are just put in the notes at the bottom of some pages and don't include pictures of those things. It would be nice to have a page with pictures about the words for different Japanese foods, like takoyaki or okonomiyaki, or things around a Japanese home, like chopsticks or kotatsu. Other than that, I do really like this book and would recommend it to beginners and to people that have been studying Japanese a while. 0 of 0 people found the following review helpful. A beautiful visual dictionary By Liam A. Shannon It is a beautiful and playful visual dictionary. It makes learning Japanese easier. I guess it would also help any traveller to indicate what they want or need (despite the weight of the book as it is printed in beautiful glossy paper).

Japanese-English Bilingual Visual Dictionary makes language learning accessible by using photographs to put the everyday vocabulary of the modern world into context. With a thematic organization of more than 10,000 fully illustrated terms labeled in both Japanese and English and comprehensive two-way indexes, Japanese-English Bilingual Visual Dictionary puts the perfect translation at your fingertips. Additional feature panels include abstract nouns and verbs, as well as useful phrases, and a handy pronunciation guide ensures you will be able to speak with confidence. The Japanese-English Bilingual Visual Dictionary is a colorful and stimulating learning resource ideal for all levels, whether you are a student, teacher, tourist, or business traveler. Now fully updated with new text, images, and a bold new look.
