**AJALT : Japanese for Busy People II: The Workbook for the Revised 3rd Edition (Japanese for Busy People Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Japanese for Busy People II: The Workbook for the Revised 3rd Edition (Japanese for Busy People Series):

2 of 2 people found the following review helpful. A necessity By Alice Folkart Japanese for Busy People, the text book, is really great. It presents Japanese bit by bit in a coherent, easy-to-remember way. This workbook is a valuable companion to the text, giving the student an opportunity to try out what has been learned and expanding the student's

grasp of the kana and beginning kanji. I wasn't going to buy it. Didn't think I needed it. But, upon looking into it on the site, decided that it looked very useful. I bought it, and it is. It also helps that it's coordinated with the text. Wish there were a workbook for version I of the text. I recommend this highly. It has made studying Japanese if not easier, at least more rewarding. 0 of 0 people found the following review helpful. awesome learning tool By Teri Macaluso awesome learning tool. practical for those who want to someday work in Japan (not just touristy stuff) 0 of 0 people found the following review helpful. Five Stars By Customer A very helpful and well paced text. The organization and presentation of material is just what I needed.

Whereas Volume I of the Busy People series introduces the most basic patterns for constructing simple sentences in Japanese, Volume II aims to provide students with the foundational skills for forming more complex expressions that will enable them to further advance their command of the language. As you look through this workbook, therefore, you will probably notice that the Japanese presented in the back is considerably more difficult than what appears toward the front. Put another way, this means that by successfully completing the materials covered in Volume II and in the workbook, you will be able to proceed from "survival level" all the way to intermediate and even advanced fluency. This book has been designed as a supplement: you use it after completing each lesson in the main text in order to confirm your mastery of the grammar presented therein and enhance your ability to understand and carry out communicative tasks related to the topics covered. Toward this end, it has been written to be slightly more advanced, and faster-paced, than the main text while also dealing with topics a little outside those already found in the Target Dialogues and Speaking Practice sections.

About the Author AJALT was recognized as a nonprofit organization by Japan's Ministry of Education in 1977. It was established to meet the needs of people who wish to communicate effectively in Japanese. In 1992 AJALT was awarded the Japan Foundation Special Prize. They are the authors of the Japanese for Young People series and Japanese for Professionals.
