**From WB : Jazz Pedagogy: The Jazz Educator's Handbook and Resource Guide, Book DVD** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jazz Pedagogy: The Jazz Educator's Handbook and Resource Guide, Book DVD:

0 of 0 people found the following review helpful. Great resource for band educatorsBy Chris ElbingThis book has many practical ideas and explanations that are useful for the non-jazz musician, such as myself. It includes jazz approaches for the various instrumental/vocal sections, characteristic style explanations, rehearse suggestions, a list of listening examples for each instrument, a helpful graded jazz standards list, and many more resources.0 of 0 people found the following review helpful. Five StarsBy CustomerIt's a great book for anyone who teaches jazz.3 of 3 people found the following review helpful. Jazz Pedagogy = Great Resource!By Brandon M. EstesThis book is a very

comprehensive resource for teaching a jazz ensemble or combo. The DVD is an extremely great tool as it is very nice to see someone teaching the techniques described within the book. I also really like to inclusion of the history of jazz lineage at the beginning of the book. Well done!

A comprehensive guide that opens the doors to the world of jazz education. Find practical solutions to challenges such as the jazz concept, understanding the rhythm section, jazz improvisation and jazz styles, including a great section on Latin jazz. This innovative, one-of-a-kind handbook incorporates the Web as an ongoing resource tool that provides the ultimate in reference information. The included DVD presents over three hours of audio/video demonstrations of rehearsal techniques, how to really teach jazz improvisation, and how to understand and improve the rhythm section. An essential addition to every library and/or jazz pedagogy class.
