**Guy Oseary : Jews Who Rock** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jews Who Rock:

0 of 0 people found the following review helpful. Oy Vey why do you have to be so loud all the time? By Jonathan Miller Very short book with very limited content, basically one of those things you buy and then realize that hey, the seller told you the truth, it's your own fault if you expected anything more than exactly what the advertisement said. There's about 3-4 paragraphs of mostly factual information on each person. It was fun to flip through the pages though and come across a few surprises here and there. Of course anything that mentions Steve Stevens is ok by me. I guess this is intended as a Hanukkah "stocking stuffer" type of gift. Just don't expect this to be an endlessly entertaining read

like "I am Ozzy". That was a mind blower. 1 of 1 people found the following review helpful. Who is in "Jews Who Rock" ??By Jean C. EspositoI must admit I originally ordered this book because I know someone who is in it. However, I enjoyed the book very much and found some names I didn't expect to find. The book is one of the books we keep in our guest room and people normally comment on it - it's difficult not to pick it up and browse. It arrived on time and in perfect condition. 1 of 1 people found the following review helpful. Out-of-date and, incredibly, boringBy Sandy GIt's my fault for not checking the date it was written. It's out-of-date and way too brief. The worst thing about it is that it's boring. Hard to make this topic boring, but the author managed to do that.

Foreword by Ben StillerAfterword by Perry FarrellJewish achievement in the sciences? Celebrated. Jews in literature? Lionized. But until now, there's been no record of the massive contributions of Jews in Rock n' Roll. Jews Who Rock features 100 top Jewish rockers, from Bob Dylan to Adam Horowitz, Courtney Love (yes, she's half Jewish) to John Zorn, with a concise page of essential data and a biography of each one. Includes the complete lyrics to "The Chanukah Song" by Adam Sandler

"People who are into our music have mentioned to me that knowing we are Jewish has helped them feel more comfortable in their love of hip hop and sometimes even more comfortable and reassured in their own identity. If someone reads Jews Who Rock and feels empowered to make music or be creative because they identify with our being Jewish, that to me is a very positive thing." --Beastie Boy Mike D.
