Jim Murray : Jim Murray's Whiskey Bible 2016 (Jim Murray's Whisky Bible) before purchasing it in order to gage whether or not it would be worth my time, and all praised Jim Murray's Whiskey Bible 2016 (Jim Murray's Whisky Bible):

6 of 6 people found the following review helpful. A worthy addition to your home barBy BrianI find it extraordinarily amusing to read all the reviews that slag Jim Murray's Whiskey Bible 2016 based on the choice of Crown Royal Northern Harvest Rye as his 2016 Whisky of the Year.First off, as with all reviews it his opinion. Second off, you have a right to disagree - but please disagree only if you have actually tried the Northern Harvest Rye. Like most, I was quite surprised that Murray chose his whiskey. However, after trying it I found it to be very nice and quite drinkable. (This coming from a guy that normally detests Rye.)Now I am obviously not nearly as educated as most of the people who offered their expert opinion. But I dare say that I have found more use of the previous versions of Jim Murray's guides than those experts. His reviews have helped me learn what to look for in a whiskey, how to interpret the tastes of different varieties and assisted me in making educated purchasing choices with my limited disposable income. If this is what you need then this guide is clearly worthy of a 5 star rating.11 of 13 people found the following review helpful. Book is Good - but not GreatBy A. FischerAfter a thorough (and enjoyable) reading of this book, it seems to me that Murray tends to rate almost everything on a higher scale than most reviewers do. So, what many reviewers might give an 89, he'd give a 93. With that "skewed" rating system in mind, I was able to fairly enjoy his ratings and reviews. However, for those older folks whose eyesight may not be as great as it once was - be warned...the text in this book is VERY VERY SMALL! After about 15 minutes of reading, I had to put the book down and rest my eyes for a while.His pick of Crown Royal Northern Harvest Rye as the "World Whiskey of the Year, 2016" inspired me to seek out that whiskey and try it. Being that I have never tried a Canadian whiskey, and that I do not care for rye, I was pleasantly surprised at how much I enjoyed the Crown Royal pick. So much so that I have gone back and purchased a few extra bottles. I completely agree with his tasting notes on this one.I guess the real question is, "Would I but this again next year when the 2017 edition comes out"? The answer is "no". Just way too much info on whiskeys I have no interest in. Since I drink American (USA) Bourbons and Whiskeys almost exclusively, I will stick with books that address those, and those only.If you're just interested in American (USA) whiskeys, you would do much better to purchase Clay Risen's "American Whiskey, Bourbon Rye: A Guide to the Nation's Favorite Spirit, 2015 Edition" as American whiskeys are only a very small part of Murray's book.0 of 0 people found the following review helpful. Booze ratings in exhaustive detail - a must for serious tasters!By David L. RosenbergWhat can I say about this classic? I first saw a dog-eared copy at a bar in Edinburgh last year and have set up a local FB group for people who have an interest in single-malts in particular, so this comprehensive guide to all the world's booze is a vade mecum. Fascinating, exhaustive, and necessary - its detailed reviews are mouth-watering in themselves. The only shortcoming is that most of the whiskies are unavailable in the US. We do our best, though, to find local caches of the good ones.

The most comprehensive whiskey guide ever written, now further expanded with more than 1,100 new entries. The world's best selling ratings guide to all types of whiskey including Scotch single malt, blends, vatted malts, single grains, Irish bourbon, rye, Japanese, Canadian, Australian, European and many others. Detailed, professionally analyzed and easy to understand tasting notes on over 4,500 of the World's leading and lesser-known whiskies. Specially designed for quick and easy reference in any liquor store or supermarket. Each whiskey evaluated by whiskey guru Jim Murray in his unique, forthright, honest, amusing, fiercely independent and non-Pretentious style.
