Job Coaching is a concise, goal oriented staff development program. The manual follows the chronology of a successful job placement - from getting to know your client to maintaining employer relations. The manual features real-life examples to illustrate techniques and strategies and provides useful forms, like functional assessments and work site analysis.

About the Author Steve Tenpas has been teaching supported employment techniques to job coaches and teachers for over 15 years. Steve was trained as a special education teacher at the University of Wisconsin, Madison. He also worked on a grant funded project to train job coaches, supported employment personnel, special education vocational teachers and residential support staff about job coaching and development.
