Fran Quittel : Job Search Smarts (Book CD) before purchasing it in order to gage whether or not it would be worth my time, and all praised Job Search Smarts (Book CD):

BOOK plus CD: For new grads, about-to-be-grads, experienced job seekers, career counselors and coaches. Why you need this book: If you're a job seeker who understands that today's job market requires 110%, "Job Search Smarts" is your key. Here in 120 short pages, you'll learn the on and off-the-web research techniques of sophisticated business analysts, super sleuths, recruiters and research librarians. A practical and fun read for new and veteran job seekers alike, "Job Search Smarts" shows where the pro's go for free research and the skills you need to find meaningful interviews and opportunities. Internet job seekers, career counselors and coaches: Hang on! You can turn those hours

of job board searching into meaningful interviews and offers.

"Great tips that take you straight inside the heart of today's best job seeking strategies." -- Mark Mehler, Gerry Crispin, Authors, CareerXroads 12, 2003
"Nothing else today combines the 'tried and true' with the reality of today's new marketplace the way this does!" -- Dick Knowdell, Executive Director, Career Planning Adult Development Network
"This guide takes research and networking to a whole new level." -- Joyce Lain Kennedy, Author: Resumes for Dummies
About the Author
Known on the web as "CareerBabe," Fran Quittel created and ran Microsoft's first career forum on MSN, the Microsoft Network. In addition to countless career columns for Computerworld and washingtonpost.com, Fran is the author of "FirePower! Everything You Need To Know Before After Your Lose Your Job" (10 Speed Press) and the "IT Career Guide for New Grads" (Prentice Hall).
