The Jobseekers Guide 8th Edition is used at more than 150 military bases worldwide to teach Kathryn Troutman's highly acclaimed Ten Steps to a Federal Job to military personnel and family members. This title is recognized as the

leading guide on the topic for 100,000 military spouses worldwide. The new edition continues to use a colorful workbook style loaded with pages of exercises, samples, and charts throughout and is particularly effective for class training. This military / family-friendly publication contains: \* Fully updated information on special hiring programs for military members and spouses \* Updates with the latest federal hiring changes and initiatives \* Latest salary and online builder information \* Before and after resume samples I was introduced to Kathy when she published her first book, the Federal Resume Guidebook. I was impressed then with her advice on not just how to approach a Federal job search but all job searches. Since then, I have always found her advice on job search and resume preparation to be some of the best available. Her knowledge of the hiring process for the Federal government makes her the absolute best single source of information for this particular market.
