**John Denver : John Denver - Guitar Chord Songbook (Guitar Chord Songbooks)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised John Denver - Guitar Chord Songbook (Guitar Chord Songbooks):

I like the format, but I also own the larger books with music notation. This encompasses versus with chords written above the song's words. Chords you need to know are listed up

front, so you know the complexity without searching over the words, so that is good going in. Melody notation in a few measures is shown. Complete versus to an array of songs. Love it for me - I'm very much a beginner.0 of 0 people found the following review helpful. Like John DenverBy CustomerI bought this product for someone else but I think he likes it0 of 0 people found the following review helpful. Nice little bookBy Richard T. ConklinNice little book. I took it to Fedex Kinkos and had it spiral bound so it would lay flat. If I don't already know the melody of the song, it's easy to find on youtube. Most of the songs have simple chords. Figuring out how to fingerpick it like John did is the challenging part, but you can always just strum them if you want.

(Guitar Chord Songbook). A little book featuring a big selection of 50 Denver favorites, presented with just the lyrics and chords: all you need to strum and sing away! Songs include: Annie's Song \* Autograph \* Back Home Again \* Calypso \* Fly Away \* Leaving on a Jet Plane \* Poems, Prayers and Promises \* Rocky Mountain High \* Some Days Are Diamonds (Some Days Are Stone) \* Sunshine on My Shoulders \* Sweet Surrender \* Take Me Home, Country Roads \* Thank God I'm a Country Boy \* This Old Guitar \* Whispering Jesse \* Windsong \* and more. 6 x 9
