All 5 A + Rating for This Seller !!!!!1 of 1 people found the following review helpful. I agree with the review " changing times!" "where's the CD? "Boo on Hal Leonard for going cheap.By Mr T.I agree with the review " changing times!" "where's the CD? "Boo on Hal Leonard for going cheap. This is a real deterrent for me buying the book. I've purchased 6 others from them with CD. Times are a changing.Update; I wanted this really bad and ended up purchasing it after giving it the 1 star rating. Only myself to blame.What you need to know about their new improved online access (No CD with books anymore) IF YOU WANT TO USE THE SLOW DOWN TEMPO OR PITCH FEATURE you are forced to do your practice online. I always got kicked off if I needed a extra long break. Having to log back in re-enter my code # re-choose the song I had just been working on. Re-set up all tempo or pitch changes. All because as their representative had told me people prefer the new and improved online access. Also the tempo feature only offers 4 choice increments unlike the old which offered limitless options. True as the sales rep suggested you can download the songs to your computer then copy them to CD or iPhone. But, unless you have a program that slows it down on your iPhone. Or with a program to copy it to your PC at a favorite slowed down speed; only 1 choice. Or of course own the full Tempo/ Pitch version (are you seeing where this is going?) Always less for more \$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$1 of 3 people found the following review helpful. Changing timesBy PetFamWhoever wrote the above review must work for the company. Don't know what they are talking about. The Publisher is not providing CD's any longer and is charging more. What's wrong with this? The download was not easy with the platform I was using. They were very responsive however didn't care about the market actually buying their products. I will reconsider buying play alongs from this publisher without a CD. Don't they realize I can digitize the CD any way I want. AND don't charge me more for this.
