Samia Louis : Kallimni 'Arabi Bishweesh: A Beginners Course in Spoken Egyptian Arabic 1 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Kallimni 'Arabi Bishweesh: A Beginners Course in Spoken Egyptian Arabic 1:

0 of 0 people found the following review helpful. Easy to follow By Product lover Easy to follow, but time consuming. I have basic MSA knowledge, but it wasn't that helpful. My favorite part was following the audio while reading, and try to understand the context. 22 of 24 people found the following review helpful. Excellent book but not for self study By Khalid Ikram As with the rest of the books in this series, the present volume lays out a very useful course for

the practical study of the Egyptian dialect of Arabic. The vocabulary is high-frequency, and the expressions taught are those in common use. The book appears to be primarily designed for use in the courses taught in the International Languages Institute (ILI) in Cairo; so only a minimal amount of support (one CD, no answers to exercises, no explanation in English) is provided. Thus the book would probably be excellent if used with a teacher, but is unlikely to be helpful to someone working on his/her own. I would give it four stars if used with a teacher, but only two for use in self-study. 0 of 0 people found the following review helpful. Four Stars By Customer I use in my Arabic 2 class

Drawing on her years of experience as an Arabic instructor and course developer, Samia Louis has used a functional approach to create a bright, innovative set of coursebooks for the study of Egyptian colloquial Arabic the spoken dialect most frequently studied and most widely understood in the Arab world. Now three new books, for beginner, early advanced, and higher advanced students, have been added to the series. Designed according to the ACTFL guidelines for teaching Arabic as a foreign language, each book of Kallimni 'Arabi trains students through highly structured lessons in the crucial skills, with particular emphasis on listening and speaking, using real-life situations and expressions. The accompanying audio CD carries recordings of the dialogs and exercises in each chapter, made by Egyptian native speakers.

"The books in the [Kallimni 'Arabi] series altogether present the best Arabic textbooks available . . . miles ahead of most others." David Wilmsen, American University of Beirut About the Author Samia Louis
