3 of 3 people found the following review helpful. Very good book!By Eduardo S. OliveiraThe book is really good and has helped me to improve my GMAT score. The only missing information is that this book is similar to the Premium Program 2008 Edition, what is not clear when you buy them. I bought both, but returned this one, because the Premium Program is much better. The content is the same, but it included 2 CD-ROMs with 4 GMAT Prep Tests.0 of 0 people found the following review helpful. Three StarsBy JamtasticGreat
