Kaplan : Kaplan GMAT Complete 2015: The Ultimate in Comprehensive Self-Study for GMAT: Book + Online + DVD + Mobile (Kaplan Test Prep) before purchasing it in order to gage whether or not it would be worth my time, and all praised Kaplan GMAT Complete 2015: The Ultimate in Comprehensive Self-Study for GMAT: Book + Online + DVD + Mobile (Kaplan Test Prep):

Nice collection but MGMT is a bigger bang for your buckBy GMAT Club (Expert)If you are going to drop \$120 on a package of books, you may as well get the MGMT ones.The main value of this collection is the 1,486 question bank. Usually for sale for \$199, it is include free of charge with this book. See my reviews of the Kaplan Premier and other individual books - they are all solid mid-tier books that you can use to get close to 700 . (I have used Kaplan Preimer + Math + Verbal to get 750 on my GMAT a number of years ago, but I don't think they are sufficient any more these days) but this collection is not equal with MGMT (the gold standard of self-prep) or the Veritas Prep (a very strong alternative to MGMT).In terms of the question collection, there are some issues with getting access to it (the system is cumbersome and requires you to find a specific section in your GMAT Premier book, which frankly I think anyone with the premier book can get access to the collection as nothing else is verified really). However, as another reviewer mentioned, signing up is a challenge, the URL is finicky, and the website takes 30 seconds per page to load.:: Contents of the Quiz Bank a:::351 of these are classified as hard670 of questions are classified as medium465 of questions are classified as medium102 IR questions669 Quant questions715 Verbal questions~~~ SOME OTHER THOUGHTS: ~~~* What is a good study plan using Kaplan Premier?My recommendation would be to start with this book, finish it in about a month or so (by this time you will learn all the basics about the test, how it works, what is tested, and general strategies for answering questions). Then,

you can figure out what's the best use of your time - you may have reached your target score and can stop or perhaps you are really lacking in Quant or Verbal and need a lot more serious practice.* Will this book give me 700+ score? For the majority of applicants, No. It is not deep enough for most people out of college to refresh the math and verbal fundamentals. You will most likely need other books to help you get there.* How do I get 700 then? There are several options: 1. Review each section separately using the Kaplan GMAT Math Workbook and Kaplan GMAT Verbal Workbook 2. Thorough/Methodical review of each area - If you have a bit more time, grab the Manhattan GMAT Set of 8 Strategy Guides, Fifth Edition OR Complete GMAT Course Set by Veritas - 15 Book. These books are excellent and are actually used in the classroom setting for their classes, so you are definitely getting the top books. If you don't need/want the entire collection, see my review for what stand-alone books to get. This plan is likely to get you a higher score with this section but it will also take up more time (about a month more). Decide on the approach based on your starting position, target score, time you have, and willingness to study math and grammar for months without a break.* Any other books I need to know about? YES. There is one - The Official Guide for GMAT Review, 13th Edition. This book is published by the creators of GMAT and contains real GMAT questions. You should also download the Official GMAT Prep software from GMAC's website (it's free).* What if I have trouble getting through this book? Where can I find help? There are several books that can help you get up to speed with quant and grammar: 1. For Quantitative section: Manhattan GMAT Foundations of GMAT Math 2. For Verbal Section: Foundations of GMAT Verbal by Manhattan GMAT Let me know if you have any questions about the book - I reply to comments! The contents were great and I got what I expected. 0 of 1 people found the following review helpful. Not 100% complete By S. Gottschalk I just received this a few days ago, and as I started to use the book I realized that it isn't possible to register on the Kaplan web page using the link provided with this set of books. The link, kaptest.com/GMATComplete2015 doesn't exist and when I look at the books page, there was no listing for the complete set either. I was able to register the books individually but it was an annoyance and would have been simpler to only register one item. I will update this review after I have spent more time using it.
