Kaplan : Kaplan GMAT Math Foundations (Kaplan Test Prep) before purchasing it in order to gage whether or not it would be worth my time, and all praised Kaplan GMAT Math Foundations (Kaplan Test Prep):

No matter how long ago you sat in math class, or how much you dread doing math, there's no need to stress. Kaplan's GMAT Math Foundations provides a back-to-basics approach to content review along with the skill-building practice you need to feel confident and improve your GMAT score. Best of all, unlike other math review books, Kaplan's GMAT Math Foundations covers only the specific arithmetic, algebra, and geometry concepts you need to know in order to master the Update and Quantitative section of the GMAT.
