Kathi Elster, Katherine Crowley : Kaplan Going Indie: Self-Employment Freelance and Temping Opportunities before purchasing it in order to gauge whether or not it would be worth my time, and all praised Kaplan Going Indie: Self-Employment Freelance and Temping Opportunities:

3 of 4 people found the following review helpful. Good guidance for college kids - not helpful for professionals. By RolandFL All the little tests are not helpful at all and very subjective... The book is not helpful in regards to how to and what to look out for when going independent - and starting one's own company is not the same as going independent as a contractor. Probably tries to please too many different purposes and fails.
