This book is a huge help.By A CustomerThis book was a great help when i was trying to sell my 1994 Camry. I wasnt sure how much i should try to sell it for, but i bought Kelleys and a week later my car sold.0 of 1 people found the following review helpful. not goodBy A Customernot goo

No other book on the market can claim to be the recognized authority in used vehicle pricing, and no other book covers 15 years of values. Updated and published twice a year, this consumer edition of the Kelley Blue Book includes original list prices and two retail values, for good and excellent condition. There are also easy-to-use equipment schedules with values for optional equipment and a table of acceptable mileage ranges by year. The comprehensive "How to Use This Book" section also discusses "good" versus "excellent" vehicles and typical reconditioning done by dealers.
