Great Kelly Blue BookBy daveloyWe are very happy with our Kelly Blue Book Used Car Guide: July - September 2010: Consumer Edition. We just sold our 2004 Mazda RX8 to a good friend for \$ 9,000.00. We figured out this fair price by using your book. Thanks a lot.

More than 40 million used cars are sold each year, yet the average person has very little idea what to pay for one or what to ask as a selling price. First published in 1926 for banks, auto dealers and other businesses, the Kelley Blue Book quickly set the standard for used vehicle value guides. In 1993, the book was finally made available to the general public.
