UsefulBy Doreen E LocarioThe Kelley Blue Book for used car guide is useful, I was able to view the prices of cars I am interested in as well as cars I wasn't planning on reviewing. When comparing the prices on the web compare to the Kelley Blue Book, I noticed the prices rate are a few hundred dollars cheaper in the book then on the web for the same car. Very helpful when I'm ready to shop.0 of 0 people found the following review helpful. Not What I ExpectedBy J. JonesThe last time I got a KBB, as they like to call themselves I found it easy to find my vehicle. I could add or subtract extras, and I could read the price very easy. I found this KBB to be, for me, difficult to understand, use and come up with a price for my vehicle. I would not recommend its use to anyone.0 of 0 people found the following review helpful. Five StarsBy CustomerThe KELLY BLUE book,what else could you say

Published quarterly, the Consumer Edition of the Kelley Blue Book Used Car Guide includes current trade-in values, private party values, and suggested retail values on more than 10,000 models of used cars, trucks, and vans. Covering 15 model years, the book includes VINs, original list prices, easy-to-use equipment schedules with values for optional equipment, and a table of acceptable mileage ranges by year.
