Useful GuideBy Scardale914Was a few years old but helped give a guideline when negotiating the price for my used/pre-owned vehicle.0 of 0 people found the following review helpful. Okay productBy TexasAgainI needed to know what the value of my 1997 jeep would have been in 2009 (I know, odd, but true). I found that KBB value was lower than expected and more difficult to use than other systems. Book was okay, but not as useful as I would have thought.0 of 0 people found the following review helpful. Was glad to find an older guide for tax reasonsBy Suzie QWhat you see is what you get. Was glad to find an older guide for tax reasons.

Published twice a year, the Kelley Blue Book Used Car Guide includes current trade-in values, private party values and suggested retail values on over 100,000 models of used cars, trucks and vans. Covering 15 model years, the book includes VIN numbers, original list price, easy-to-use equipment schedules with values for optional equipment and a table of acceptable mileage ranges by year. This comprehensive guide also offers helpful advice on the often daunting task of buying a used vehicle.
