**Delorme : Kentucky Atlas Gazetteer** before purchasing it in order to gage whether or not it would be worth my time, and all praised Kentucky Atlas Gazetteer:

0 of 0 people found the following review helpful. Top quality but no bar scale for figuring mileageBy Mark GardnerDelorme's excellent highly detailed maps, however they lack a linear bar mileage scale on each page for figuring mileage. Instead they print at the bottom of each page a ratio scale: "1 inch = 2.4 miles (3.8km)". While the latter is helpful, a bar scale is much easier to use. The omission of a bar scale is the only reason I didn't give the atlas 5

stars.0 of 0 people found the following review helpful. Five StarsBy TinaEverything was fantastic. Thank you!0 of 0 people found the following review helpful. These are the books for me.By Green eyed ladyLove these books!!!!

Wouldn't it be nice to always have exactly the right kind of map, whatever your needs may be? You will, with the uniquely versatile DeLorme Atlas Gazetteer Series. These topographic atlases cover individual states with the most comprehensive detail available, including back roads, backwater lakes and streams, boat ramps, forests, wetlands, trailheads, campgrounds, public lands, prime hunting and fishing spots, and countless landmarks and points of interest. You'll also find a wealth of information on everything from family outings to wilderness adventures. The Atlas Gazetteer is ideal for outdoor recreation, business travel, home or office reference, and countless other uses. Kentucky Gazetteer categories Attractions Biking Campgrounds Covered Bridges Fishing Hiking Historic Sites Hunting National Lands Paddling Scenic Drives State Lands Unique Natural Features Wildlife Viewing Suggested Uses In-vehicle for everyday reference Exploring back roads Outdoor recreation preparation and navigation Business travel Planning vacations and leisure activities Armchair journeys

About the Author DeLorme has been directly responsible for many of the major technological advances made in the mapping industry over the past 30 years.
