Paul Lennon : Keyboard Player's Chord Bible (Music Bibles) before purchasing it in order to gage whether or not it would be worth my time, and all praised Keyboard Player's Chord Bible (Music Bibles):

1 of 1 people found the following review helpful. One Thing LackingBy Kenneth L. MeleenThis book presents well illustrated chords and related sequences that are extremely beneficial to a beginning piano student. My only criticism is that the chords that are so well illustrated do not show the shorthand notation one would find on a piece of music. It will be up to the student to add their own shorthand notes to the individual chords presented.0 of 0 people found the following review helpful. Five StarsBy Mark JohnsonWorking on my keyboard and learning chords and scales0 of 0 people found the following review helpful. Five StarsBy VirstyneGreat Product!!

The Keyboard Player's Chord Bible is designed for beginner and intermediate musicians looking to understand, improve, and experiment with chords. In this book, you can explore new and exciting sounds that you may have come

across in existing pieces of music, or simply add to your repertoire for performing and composing. This is a great reference book that you can go to when you find a chord in a piece of music that you haven't met before. Also includes tips on technique and recommended chord sequences to improve your song-writing skills. Over 30,000 copies sold worldwide.

About the Author Paul Lennon is a composer, multi-instrumentalist, recording engineer, and teacher. He studied violin and piano at Trinity College of Music in London and later jazz harmony and composition. He has performed in classical jazz, folk, and rock concerts, and has composed for contemporary dance, jazz ensemble, ambient, and movie soundtrack.
