A must read before your next job interview!By C. CraneFor a less than

a \$20 investment, this book is a definite 'no brainer' for anyone in a job search. It is clear and concise and loaded with 'highlighted tips'. Just picking up 3 or 4 (or many more) of these tips could make the difference in your next interview. The section on the value of 'networking' is particularly detailed and informative. I'm sending this book to my college age granddaughter immediately. 0 of 0 people found the following review helpful. Bullseye By T. C. Dorch This is a simply presented indispensable guide to navigating obstacles associated with career choices.....and beyond. Recruiters who do not embrace this reference for their own purposes do so at their peril. The Balls are on target and hit the bullseye in this edition of Killer Interviews. Highly, highly recommended.
