Mark Heisenberg : Kindle Unlimited: All The Tips You Wish You Knew To Maximize Your Subscription
before purchasing it in order to gage whether or not it would be worth my time, and all praised Kindle Unlimited: All The Tips You Wish You Knew To Maximize Your Subscription:

3 of 4 people found the following review helpful. What you need to understand Kindle UnlimitedBy Interested PartyI

found this book to be very informative. It clearly explains what Kindle Unlimited is and just as importantly what it isn't. I have recently been thinking of getting a membership and this book will be helpful in me making that decision. After the explanation of Kindle Unlimited the book goes into a deeper explanation of things you need to know. Many I was not aware of. There is a comparison of ebook subscription sites which gives you a broader understanding of the entire market which is helpful if you want to compare the different services before moving forward. There is a good explanation to help you get the most out of your subscription and the book finishes off with some Kindle Unlimited Hacks. I found the book to be complete and well thought-out in addition to being well organized with no fluff. 1 of 1 people found the following review helpful. Decide if you should sign up or not By Gabriela O. The book is short but it definitely makes you decide whether it is worth signing up for Kindle Unlimited or not. And it's free 5 of 5 people found the following review helpful. Helped me to understand what I'm getting By CFuller I subscribed to the Unlimited program last year when it was first offered and promptly forgot, continuing to buy the books I wanted, until I reviewed the year-end summary provided by my credit card. When I realized I'd wasted \$40, I cancelled the subscription. I reconsidered 4 months later and downloaded this book to better understand what Kindle Unlimited offers. Mission accomplished! This book clarified the program and I will follow its recommendations during the first 30 days to determine whether I continue. I feel the book has equipped me to properly evaluate whether or not to participate. I am worried I won't find the reading material I typically buy because there are no books from the top five publishers, but am open-minded to try some of the self-published authors and classics I haven't already read. Thanks to this book, I know what I'm getting from Kindle Unlimited.

Are you wondering about subscribing to Kindle Unlimited? Have you already subscribed to the Kindle Unlimited? Both of you came to the right place!
