From Brand: Bristol Publishing Enterprises : Kitchen Solutions: Substitutions, Basic Formulas and Essential References before purchasing it in order to gage whether or not it would be worth my time, and all praised Kitchen Solutions: Substitutions, Basic Formulas and Essential References:

0 of 0 people found the following review helpful. Kitchen SolutionsBy jim.sharonI really enjoy my second copy, which I will take to our home in England, and just had to order other copies for cousins who share my love for cooking. One cousin has received her copy in really fine condition. The other is yet to arrive as I only ordered it a day or so ago. Darwinism and the Rise of Degenerate Science [[ASIN:0970824602 Sound The Trumpets Kitchen Solutions: Substitutions, Basic Formulas and Essential References]]0 of 0 people found the following review helpful. Essential book for any cook!By Darryl E. CroneA friend who is a caterer referred me to this book saying she is never without it. As a novice cookit really helped me learn the easy work arounds to stuff you might need for a recipe and

not have at the moment in your pantry. Illustrates measurement conversions, how to put together spice combinations, sauces from scratch, salad dressings, butters, etc. Organized for easy access. My favorite reference book. 0 of 0 people found the following review helpful. Five Stars By Margaret McManus Comes in very handy.

Kitchen Solutions: Substitutions, Basic Formulas and Essential References is an indispensable kitchen handbook. It includes substitutions for hard-to-find ingredients; low-fat, wholesome substitutions; formulas for spice blends, sauces and other staples; meat and poultry roasting charts; and more.
