Martin Yate CPC : Knock 'em Dead 2015: The Ultimate Job Search Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Knock 'em Dead 2015: The Ultimate Job Search Guide:

2 of 2 people found the following review helpful. I have had such great success with the Knock 'em Dead series that I've ...By Leah Jeffers I have been using Martin Yale's Knock 'em Dead Ultimate Guides to assist with job hunting, interviewing, and writing/updating my resume since 2005. I have had such great success with the Knock 'em Dead series that I've recommended the books to colleagues, family members and friends. What I love the most about the Knock 'em Dead series is that the information is timely and can be used for a person who is looking to find an entry level position as well as a person looking for a senior level executive position. The interview prep questions were spot on. When I used the list of questions on my interview, I was complimented by the human resources representative. I actually got the job! Martin takes the hassle and fear out of job searching with all of the recommendations and tools that are provided to you in the books. I highly recommend using the Knock 'em Dead Ultimate Job Search guides along with the Knock 'em Dead Job interview guide. I will continue to update my copies of the Knock 'em Dead series so that I am always up to date and ready for job searching!9 of 10 people found the following review helpful. Like Having a Job Search Coach in Book FormBy sandysoppingThis is the first review I've ever been compelled to write

about an purchase. As someone who hasn't job hunted in awhile, I've found this book to be the quintessential guide on how to do it. The author did a nice of chunking out the information based on where I was in the search. For example, when I was working on my resume, it was easy to hone in on and focus on the chapters needed to get my resume done. I got a phone interview unexpectedly, so the interview sections were a great "go to" guide that helped me score an in-person interview. I also appreciate the down-to-earth conversational tone the author uses. It's like having a job search coach in book form, at the ready whenever I need it. 1 of 1 people found the following review helpful. Good book but some sections need updating. By 47RTS Still a good book but sections of it need updating. For example it's been awhile since the women's interview attire section was updated. While the attire section goes on and one about skirt hem lengths and business dress there is not one word about wearing a pants suit, which is what most women I know wear now especially to interviews. And this is the only book I see still suggesting putting "references available upon request" on a resume. However the prep sections for making contacts and prepping for interviews remain very good.

Get a better job faster and change the trajectory of your life forever!"Classic winner...one of the most valuable career books on the market." --LA Times "The first, middle, and last word for job seekers on navigating a competitive, and often cutthroat, job market." --Science Daily New York Times bestseller Martin Yate, CPC, has helped millions of job seekers super-charge their job search and career success.
