**Borch : Laminated Berlin Map by Borch (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Laminated Berlin Map by Borch (English Edition):

6 of 6 people found the following review helpful. Berlin By Jeff Goldman It's a great map and is good when travelling and touring West Berlin and Mitte area. Shows all major shopping areas like the Europa Centre and "Kudam." However, the map neglects East Berlin and does not have the Schoenhauser Allee area up north like the Freytag and Berndt map of Berlin. If Borch had given the Schoenhauser Allee area with the Eberswald metro station, I would have given this map 5 stars. 0 of 0 people found the following review helpful. Hard to read By Michael Thomas Fiore Has so much detail it is difficult to read. I actually ended up using the ones from my travel books. 0 of 0 people found the following review helpful.
