Borch : Laminated Prague Map by Borch (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Laminated Prague Map by Borch (English Edition):

1 of 1 people found the following review helpful. Very good tourist map
By Elena Holmanky
The map is very helpful for a tourist, with all major attractions included and highlighted on the map. Inserts are provided for all major sightseeing areas like Prague Castle, Old Town etc. Overlay-ed metro stops and numbered tram lines are especially helpful. Lamination makes it very durable and water proof, we used it under the rain for several days with no damage to the map.
5 of 5 people found the following review helpful. Find a better choice
By betsy bazany
We travel to Europe every year and this is the hardest map to work with that I have ever found. It is such small print and it doesn't show the streets easily. Someone else had the same opinion in a review but I thought I could do better when the map came. Not so. I would recommend finding another city map of Prague.
0 of 0 people found the following review helpful. This will not replace a Streetwise map. Described as ...
By Theo
This will not replace a Streetwise map. Described as an English version, there is very little English, making it difficult, if not impossible, to read. The format is much larger, too. I returned it.

Folded laminated street and travel map, in color. Scale 1:10,000/1:15,000. Legend includes sights, museums, monuments, churches, chapels, synagogues, archaeological sights, monasteries, castles, ruins, gold courses, bus stations, parking, subway, tramway, restaurants, filling stations, international airport, airfields, national parks, nature reserves, camping sites, viewpoints, hotels. Includes inset map of Star Mesto Mal Strana 1:10 000, Praha 1:15 000, Prazsky Hrad 1:5 000, Praha Region 1:100 000, Cesk Republika (West) 1:1 200 000, Public Transport Prague, Czech Republic administrative time zone. Extensive index. Climate charts show the average daily temperatures, humidity, hours of sunshine and precipitation for each month.

About the Author
Borch uses a patented lamination process to cross the folds of the map, making it easier to read and even easier to refold. The tough but non-toxic lamination material degrades to oxygen and water in a landfill environment. Before then, the map is practically indestructible in your backpack or suit coat pocket, and can even be written on temporarily with dry-erase markers.
