Diana Barnett : Landing That Professional Job: A Career Guide for College Students before purchasing it in order to gauge whether or not it would be worth my time, and all praised Landing That Professional Job: A Career Guide for College Students:

0 of 0 people found the following review helpful. All of the tools you need in one book! By Natalie Hernandez I would definitely encourage all college students to purchase this Career Guide early in their educational pursuits. As a recent college graduate, I know how busy life can be, but this book is simple, easy to read and will give you all of the tools needed to prepare yourself for a professional job after graduation. For someone who doesn't know where to start when thinking about a professional job after college, this book is for you. It is equipped with step-by-step instructions and visuals for reference. Researching resumes, cover letters, job-searching strategies interview skills can take a lot of

time, but all of this information and more is included right in one place. This book would be beneficial for all college students no matter how close to graduation, because it provides tools that can be used to help plan for the future while still in college. Students will be ahead of the game with the valuable information in this book. It would also make a great and useful gift for any college graduate!

By Christina Bauert

I recommend this career guide for every college student to read because I once was a college student wanting to land that professional job. I did not know how to go about it. Instead of spending hours reading all kinds of online articles, I wish I had this guide. It provides only the important information, without wasting your time. Let this guide serve as a compass to get you where you want to be - in that professional job. I intend to use it to help me land my next job in a near future.

Diana Barnett's *Landing That Professional Job: A Career Guide for College Students* is short and to the point because it has one simple goal: to help you get a job. In eleven quick sections, you'll be introduced to the need-to-know aspects of job hunting: Creating a killer resume Adding polish with a cover letter Capitalizing on social media Discovering the right job openings Dominating the interview In addition, each section ends with a Big Idea the sections key takeaway that will get you where you want to go, even if you forget everything else. Filled with tips, actionable step-by-step advice, and real-world examples, *Landing That Professional Job* takes you from broke college kid to budding professional, without all the angst.

About the Author

Diana Barnett works as a career counselor at Colorado Mesa University, helping college students prepare to enter the professional world. She has taught all of her students that the key to the perfect career is finding the one that aligns with each individual's strengths, personality, passion, and abilities. Barnett holds a bachelor of arts degree and a masters degree in education from the University of Montana and has written two other books, *Putting It All Together: Teaching the Research Process* and *Research It! Write It!* She currently lives near Grand Junction, Colorado, with her husband, dog, and two cats. Additional resources can be found on the author's website at redrockscareercoaching.wordpress.com.
