Would make a great bridal shower gift already started with some favorite recipes from the giver.0 of 0 people found the following review helpful. Lots of room on each page for recipesBy Debbie FowlerVery nice blank recipe book, lots of space for each recipe, I plan to take it to the local office supply and have a spiral binding added so it lays flat. I'm happy with the book and will purchase more for grandkids.0 of 0 people found the following review helpful. It looks exactly like it does onlineBy Pamela GThis is just what I have been looking for. It has plenty of room for my recipe ingredients instructions (2 pages). There is a place for serving size, oven temp, prep/cook time, and an area for any additional notes. The design is so cute! It looks exactly like it does online. The description is completely accurate. I have so many recipes of my own and that I have gotten through the years. This is the perfect blank recipe book for me.

Keep your favorite recipes organized in one place with this blank recipe book journal. Have you ever spent a long time searching through magazines, cookbooks, and printouts looking for a particular recipe? Or worse yet, have you ever lost a recipe you love? Its happened to us on several occasions. We have dozens of recipe books that we refer to often. We have hundreds of recipes cut out from magazines, we have some stored on apps, we have written notes on flimsy cards in the cabinets basically we have recipes everywhere. Can you relate? Its frustrating! So we decided to create a series of blank recipe books where we could basically write in our favorite recipes like a journal. In this particular blank recipe journal, youll find a fill-in-the blank table of contents where you can write the name and page number of your recipes. Then open the book a few pages further and youll find room to write 100 recipes. You get two pages for every recipe. The first page (the left page) has a place for entering cook times, how many people the meal serves, cook temperatures and then several lines for ingredients. The second page (the right page) has space for the recipe instructions, special notes, and other notes you want to keep. Every recipe has a page number for easy reference in your table of contents. After creating this blank recipe book, we decided we could make our recipes even more organized with blank recipe books by topic. Now we have recipe journals for grilling, desserts, holidays, and even vegan meals!
