Jenifer Lang : Larousse Gastronomique before purchasing it in order to gage whether or not it would be worth my time, and all praised Larousse Gastronomique:

0 of 0 people found the following review helpful. Great reference book.By chefjamesGreat reference book. One of my "go to" books on classical cuisine.0 of 0 people found the following review helpful. Le BibleBy UrbanMoniqueIf you are or want to be a serious chef, home or otherwise, this is a book you should have. Along with McGee and Beard, Child and Roden, this is serious research material. Like all great cookbooks, you'll want a real, rather than an electronic copy.0 of 0 people found the following review helpful. Five StarsBy CustomerThank You So Much!

The ultimate guide to classical cuisine, now updated for the era of food processors and microwaves, completely freshly illustrated in full color and Americanized by the renowned author of Tastings. Over 900 full-color photographs

and 70 black-and-white illustrations.

.com Some books hang around long enough to become part of the language, and then they're considered classics, but the real classic earns its status with overwhelming merit; such is the case with the Larousse Gastronomique. It's been around since 1938, with 8,500 recipes, over a thousand pages of encyclopedic knowledge from A (Abaisse--a pastry making term) to Z (Zwieback--a kind of biscuit), and the final word in matters culinary. Handy for cooking terms, kitchen queries, and "hey, did you know ..." Sunday afternoons, the Gastronomique deserves respect and a big place on your cookbook shelf. Language Notes Text: English, French (translation) From the Inside Flap The ultimate guide to classical cuisine, now updated for the era of food processors and microwaves, completely freshly illustrated in full color and Americanized by the renowned author of Tastings. Over 900 full-color photographs and 70 black-and-white illustrations.
