Collectif : Le Nouveau Petit Robert De La Langue Francaise 2010 (French Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Le Nouveau Petit Robert De La Langue Francaise 2010 (French Edition):

5 of 5 people found the following review helpful. A Great French Only DictionaryBy W. SlyMy daughter is a French major and wanted a French only dictionary (this is NOT a French / English dictionary). I researched pretty thoroughly and the consensus seemed to be that the Petit Robert was the best.This is a big book - not a pocket dictionary, but

includes 'contextual' definitions and usage. The dictionary is available from as well as a number of their affiliated vendors - but the price ranges are pretty dramatically different. Much more so than other items typically sold through multiple vendors. I purchased at the low end of the scale and still received the 2010, hardcover version. I'm not sure of the reason for the large price range - I don't THINK there's differences in the dictionaries themselves, but I'll leave it to the purchaser to insure that's not the case. My daughter is very happy with the 'Petit Robert' that we received. 0 of 0 people found the following review helpful. Her French instructor recommended this dictionary. By D. W. Bought this for my daughter for this past Christmas for a present. Her French instructor recommended this dictionary. She really thought this dictionary was one of the better choices. My daughter had not had a chance to use it extensively yet. Since she only received it as a Christmas present and her French semester ended in mid January. What she has used of it she found it to be quite nice. Her second semester of French does not start until the new school year. Then we will see how useful this dictionary will be. 0 of 0 people found the following review helpful. Four Stars. By Sensor2. It is missing a lot of words, so not so helpful for crosswords.

2010 Edition Details: Nouveaux sens, nouveaux mots Encore plus de richesse et de modernité Des milliers de mots, sens et exemples nouveaux De très nombreux mots, sens et citations issus des pays francophones Des locutions et expressions récentes De nouvelles citations extraites des grandes œuvres de la littérature, des auteurs classiques ou contemporains, des dialogues de films, des chansons...
