Love it!By Holly H.This book is great to learn this beautiful language. The audio is a little fast for a first time learner but it is easy to go back and forth. The shipping was extremely fast! There was a dent

in the top of the book but other than that the book and audio tapes were in perfect condition! The book is a super great tool to learn Hawaiian and is a great source if you were to go and need something to learn from. 1 of 1 people found the following review helpful. Five Stars By Sherrie Walker Love it. CDs are great.

A user-friendly introduction to one of the most beautiful languages in the world, this illustrated book and 2 CDs teaches pronunciation, conversation, and songs. Homework, self-tests, an answer key, and glossaries provide structure and reinforce content.
