Donna Chlopak PhD : Learning to Fish in the Twenty-First Century before purchasing it in order to gage whether or not it would be worth my time, and all praised Learning to Fish in the Twenty-First Century:

0 of 0 people found the following review helpful. Here's where you start career developmentBy Roger W. WrightThere are lots of how-to books on career development. Im guessing Ive read most of them. Im certain that this

one is the best. In compressing a college level course into this clear, concise and conversational work; the author has provided the foundation for what the graduate, or the experienced worker looking for a refresher, needs to know. A no-nonsense approach is consistent throughout this book. And there is not a wasted word. Of particular note is the authors talent in writing questions. Research questions, interview questions, off the wall questions, follow up questions. This is an author who doesnt just know the basic how-tos of finding work, this is an author who knows how to teach this subject. And that comes across throughout the entire book. I look forward to using this book with my own career development clients going forward.0 of 0 people found the following review helpful. As someone who has taught interviewing skills to corporate America ...By Ed Del GaizoAs someone who has taught interviewing skills to corporate America, I find this book to be an invaluable resource. This is a must read for anyone seeking to find a desirable position. Even the appendices provide essential material for the experienced job seeker.0 of 0 people found the following review helpful. Wonderful ReadBy CustomerI found this book very insightful and full of knowledge. I wuld recommend it to all the job seekers and currently working it personally helped me a lot.

As a corporate trainer of undergraduates and MBAs, this is a must-read. Learning to Fish will be the go-to guide for all undergraduates for years to come, as the book transmits a proven process to secure a first career step Barry Frohlinger, president, Barry M. Frohlinger Associates, Inc. Donna Chlopaks knowledge and wealth of experience in teaching, research, and business have led to this comprehensive and unique guide on managing the career journey Lei Lei, PhD, dean, Rutgers Business SchoolNewark and New Brunswick, Rutgers UniversityIf a great tennis player challenged you to a match, what would you do? Youd study the game, learn its rules, practice, and make sure you had the right equipment to succeedand youd go into it knowing that winning would be tough. Landing the right job can be just as challenging: without planning, training, practice, and networking, you dont stand much of a chance to win a job that offers a bright future. In this guidebook to securing the job of your choice, youll learn how to determine what jobs are a good match for you, write cover letters that hiring managers notice, tailor a rsum to the position youre seeking to fill, and make a great first impression on job interviews. If youre serious about winning the game, you need to prepareand it starts with equipping yourself with the insights and strategies in Learning to Fish in the Twenty-First Century.
