Great Reference BookBy Phoenix SunshineI originally purchased this book when I was editing acrostic puzzles, as a reference book, but I find myself referring to it frequently even now, although no longer edit puzzles. It contains "career profiles of more than 2,000 actors and filmmakers, past and present" arranged alphabetically. It also contains "filmographies" for each actor. I'd recommend this book highly.

A companion volume to Leonard Maltin's Movie and Video Guide summarizes the careers of nearly two thousand actors, filmmakers, writers, and composers, including birth and death dates, notable performances, nominations, and awards. 20,000 first printing.
