**Alliance for Safe Driving : License to Drive** before purchasing it in order to gage whether or not it would be worth my time, and all praised License to Drive:

0 of 0 people found the following review helpful. useful infoBy Yevgeniya PThere is a a lot of useful info in this book: not just rules and signs, but real life situations, and scenarios that make you think about driving and owning a car.29 of 30 people found the following review helpful. An excellent text and "must have" for Driver Ed students!By Laine S. HermanAs the preface says, "this book speaks to you, not at you". Driving is a challenge and this text simplifies the learning to a level that does not intimidate the beginner driver. Whether you're a teen or an adult needing "brush up tips", this book is an excellent investment. Each chapter has a separate "Objectives" page, a "Key Terms" page, self tests, chapter reviews-great for the classroom!As a new California Driving Instructor, I'm seeking resources to make the classroom sessions more interesting and this book is IT!Also included are chapters on preventative maintenance, purchasing or leasing a car and lots more! I'm happy to give this book a five star rating!

License to Drive offers you a totally integrated solution to driver education. Using a realistic approach, it covers all major driver education issues, with an emphasis on safety and defensive driving that will appeal to all new drivers. The focus is on practical solutions to everyday situations, with thoughtful coverage of such subjects as driving under the influence, sharing the road, challenging driving conditions and "road rage". The Annotated Teacher's Edition includes an Activity Disk that instructors can use for additional assignments or give to students to use themselves. There are also five videotapes that tie directly to the text content.
